

I believe that the General Grand Chapter should be a center for the best ideas and practices for our local and Grand Chapters. It should have most of the answers to questions from our members, or it should be able to find or direct members to the information and answers they need.

We need to keep the lines of communication open for all our members, and encourage the exchange of ideas and plans. What works in one place may work in another, if they know about it.

Our education and officer training materials and sessions should continue, and be expanded to include even more of our members, to help our Grand and local Chapters.

And we need to make sure that our Royal Arch Research Assistance program is the best in the Masonic World. We can do this by making sure that our members are informed about it, and it is a focus for us as Royal Arch Masons.

Together we can keep the Royal Arch at the front of the Masonic World.

C. David Williams III
Candidate
for
General Grand Scribe
General Grand Chapter
Royal Arch Masons, International

*Endorsed by the Grand Chapter of Royal
Arch Masons of Kansas*

C. David Williams III
