

Now is the Time to Give the Rich Heritage of Our Royal Art, a Healthy Boost into the Masonic Future!

The General Grand Chapter Royal Arch Masons International has a rich heritage coming to us since 1797. Conscious of the fact that we have this very rich legacy to perpetuate to future Masonic Generations; it behooves us to play our part at this crucial historical cross-road to leave our positive "Mark" for our children's children to behold and enjoy for many years to come.

In these times when Freemasonry is in mutation giving way to a more meaningful, effective and personable Fraternity, we as Royal Arch Masons members of the General Grand Chapter owe it to our Organization to find the right way to connect to the Masons of the Millennium. We need to make sure that we are at the forefront by adapting to the new ways of practicing Masonry while keeping our Traditions intact. These are new challenges in leadership which I personally enjoy addressing.

Several opportunities are being offered to continue developing in new territories throughout the world, as well as empowering each and every member of our Grand Jurisdictions in the USA by offering practical and applicable solutions to any outstanding questions and issues relating to education and ritualistic work, making the experience an ever relevant one.

I firmly believe more now than ever, equipped with my very diverse experience acquired nationally and internationally, that I am able and ready to offer it all to the members of the General Grand Chapter International. I therefore humbly come to you, and ask YOU to offer me, the opportunity to serve you as your General Grand Scribe for the next Triennium.

Thank you for your consideration and support.

Teko A. Foly
